

Production Engineering department of B.V.M. Engineering College (A Charutar Vidhyamandal Institution) has organized training for “FUSION-360” under “Finishing School” of TEQIP-II.

Date- 03/02/2017, Anand

Production Engineering department of Birla Vishvakarma Mahavidyalaya, Vallabh Vidyanagar has organized training for students on “FUSION-360” from 17th January to 3rd February 2017 under Finishing School of TEQIP-II. The hon'ble principal of institute, Dr. Indrajit Patel, Program coordinator Prof. Purvi Chauhan and Convenor Prof. K. D. Bhatt has provided useful guidance and resources for such programs to take place. 15 students of the department were given training on “FUSION-360”, an advance cloud based drafting software. In-depth knowledge of various modules of software like sketches, part modeling, assembly and other modifying features was shared by experts, Mr. Nirav Sharma and Mr. Jaymin Barot. Also, real life problems of designing and drafting were discussed while enriching the experience of students.
