Er. Vatsal Trivedi	Program was very good. No suggestion.
Mr Tushar Panchal	Great Event
Mr Nitesh Chandrakar	I think this type event should be organize is 2 to 3 rounds so that the cream come out of it in the last round and then it will be very useful and can be guided for implementation too.
Mr. Hardik Bhadiadra	Keep doing more participants with new subject. All presentation summery to be shared with respective authority for further implementation.
Er Bhautik Ramoliya	It was a good experience overall, And also found some good talent all over nation. And it seems most of the teams from the South only, and it was i guess 2-3 teams from the CVM.... So according me to me it will be good if we encourage a student of BVM/CVM to come out with the idea.
Urmik Shah	Very good initiative by BVM. Participants are also good with very good ideas. It would be better if Examiner gets Participants details like name, Education/Qualification and project definition before start of evaluation process. As it will save time.
Krunal Patel	There should be little bit screening before selecting any one for final round
Hardik Seth	No Comments
Hiral Patadiya	It was well organized.
